# GUIDELINES

1. The short video should be of maximum 10 minutes with the content focused on Pharmacological/Psychological Interventions.
2. Open to all undergraduate & postgraduate students, residents and scholars.
3. If the video involves real-life patient experiences, written informed consent from the patient or their guardian must be obtained.
4. All submissions must be original. Plagiarized or previously published content will be disqualified.
5. Videos should be submitted in MP4 format. If copyrighted music or sound effects are used, ensure appropriate permissions or licenses are obtained.
6. Winning video will be screened during CME and will be uploaded on the IACAM website.
7. All entries must be submitted by January 15, 2025.
8. Registration for the CME is mandatory ([Register here](#)).
